

BOARD POLICIES	METRO TECHNOLOGY CENTERS INFORMATION TECHNOLOGY SYSTEM (BP-3007)	The on-line version of the policy is official. Therefore, all printed versions are unofficial copies.
-----------------------	--	---

1.0 POLICY:

The District provides a system of information technology resources, including access to the Internet, to its students, employees, and other stakeholders. The system has a limited educational purpose. The term "educational purpose" includes use of the system for learning activities, professional or career development, and activities related to District business, such as communication, record keeping, research, and online transactions.

Use of the system by any person will be governed by this policy, by related district policy and regulations, and by all applicable laws.

The superintendent, or designee, will oversee the District system and will develop regulations for its use and operation.

The District makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the District system will be error-free or without defect. The District will not be responsible for any damage users may suffer, including but not limited to, loss of data or interruptions of service. The District is not responsible for the accuracy or quality of the information obtained through or stored on the system. The District will not be responsible for financial obligations arising through the unauthorized use of the system. Users will indemnify and hold the District harmless from any losses sustained as the result of intentional misuse of the system by user.
